1 SUMMARY

1.1. Background

HMRC proposes to rationalise its estate in Scotland with the aim of making more effective and efficient use of office space and to integrate teams within and across business units. As part of this proposal HMRC has reviewed its business requirement to remain at 9–10 King Street in Rothesay, which is an individual location with one office building. The review has identified that there is no long term requirement to retain 9–10 King Street.

1.2. Enquiry Centre Customers

Enquiry centre services will continue to be provided from 9–10 King Street or from an alternative location nearby. The impact on customers is expected to be minimal.

1.3. Socio-economic

The 9–10 King Street office is situated within the local authority of Argyll & Bute. The unemployment rate for Argyll & Bute is 4.2%, against the UK national average of 5.3%. There are around 3,525 employers in Argyll & Bute employing approximately 38,300 people. There are seven HMRC employees located at 9–10 King Street, which is less than 1% of those employed within the local authority area. It is therefore reasonable to infer that the local economy is not dependent on the HMRC presence at this office.

1.4. Staff

9–10 King Street accommodates a total of seven staff. During consultation, concerns around additional travelling for staff have been raised. Further examination of individual circumstances will be undertaken through one to one discussions between managers and staff. Where a staff member is unable to relocate to the nearest long term HMRC office within reasonable daily travel managers will discuss other available options with them. No staff will be required to relocate beyond reasonable daily travel.

1.5. Staff Diversity

The gender ratio of staff is 86% female to 14% male. 43% of staff work part-time, no staff are recorded as having a disability and no staff are recorded as being from an ethnic minority group.

Workforce Change has undertaken Equality Impact Assessment (EQIA) work on the proposal for Rothesay. No significant risks with regard to equality issues have been identified and wider public consultation has not been considered necessary at this stage. Individuals will have an opportunity to raise any particular concerns with their manager during the one to one discussions. Mitigating actions will be considered where risks have been identified with regard to equality issues. The EQIA findings for 9–10 King Street can be found at Appendix A.

1.6. Business Units

The **Customer Operations, Estates & Support Services (ESS)** and **Local Compliance** business units do not intend to retain a long term presence in this location and will be in discussion with staff about their options.

Customer Contact will continue to provide enquiry centre services at 9–10 King Street or from an alternative location nearby.

1.7. Finance

The vacation of this office will contribute to estimated estate savings of £24m in Scotland between 2007 and 2012.

2 OFFICE PROPOSAL AND BUSINESS PLANS

2.1. Office Proposal

HMRC proposes to rationalise its estate in Scotland with the aim of making more effective and efficient use of office space and bringing teams closer together within and across business units. It is proposed to withdraw from 9-10 King Street. Enquiry centre services will remain at 9-10 King Street or relocate to an alternative location nearby.

2.2. Business Plans

9–10 King Street is occupied by staff from the **Customer Contact, Customer Operations, ESS** and **Local Compliance** business units.

Of these only **Customer Contact** will be maintaining a presence in the area, continuing to provide enquiry centre services at 9-10 King Street or from an alternative location nearby.

3 ENQUIRY CENTRE CUSTOMER IMPACT

3.1. Enquiry Centre Summary

During 2007/2008 the Enquiry Centre at 9–10 King Street received 1,188 callers.

Enquiry centre services will continue to be provided from 9–10 King Street or from an alternative location nearby. The impact on customers is expected to be minimal.

4 SOCIO-ECONOMIC IMPACT

4.1. Member of Parliament and Constituency

9–10 King Street is within the parliamentary constituency of Argyll & Bute. The Member of Parliament is Mr Alan Reid (Liberal Democrat)¹.

Alan Reid wrote to HMRC and met with HMRC officials to raise concerns about the proposal to close this office.

4.2. Local Economy

9–10 King Street is situated within the local authority of Argyll & Bute. The unemployment rate for Argyll & Bute is 4.2%, against the UK national average of 5.3%. The table below shows the relative job density for Argyll & Bute, Scotland and the UK as a whole. Job density is a ratio of total jobs to working-age population and provides a measure of the economic health of an area. Total jobs includes employees, self-employed, government supported trainees and HM Forces².

Table 1 – Job Density

Argyll & Bute	Scotland	UK
0.88	0.84	0.84

There are around 3,525 employers in Argyll & Bute employing approximately 38,300 people. There are seven HMRC employees located at 9–10 King Street, which is less than 1% of those employed within the local authority area. It is therefore reasonable to infer that the local economy is not dependent on the HMRC presence at this office.

There may be some impact on local businesses which at present benefit from the custom of HMRC staff based at 9–10 King Street. Any negative impact that may be caused by HMRC withdrawal from this location is expected to be temporary, lasting until such time as the building is reoccupied by another employer.

4.3. Sustainable Development

The intention to vacate 9–10 King Street assists HMRC in meeting its Sustainable Development Action Plan objective to provide office space of the right size and quality to meet long term business needs. Through the Sustainable Development Action Plan HMRC has also committed to improving the energy efficiency of all retained offices and the Corporate Responsibility Unit will work with Estates & Support Services and IMS to meet this objective.

4.4. Media Activity

There have been local and regional press articles around the proposed closure of 9-10 King Street and the potential impact on staff and customers.

4.5. External Engagement

On 11 and 13 June 2008 Workforce Change wrote to 16 local authorities and two town councils in Scotland about the proposals for the cluster and individual locations. A six week period for responses was provided. Comments were sought on subjects including local/regional economic factors, regeneration plans, wider employer activity and plans for new or improved transport links. Eight responses were received from Fife Council, Falkirk Council, Scottish Borders Council, Inverclyde Council, Dundee City Council, The Highland Council, Aberdeenshire Council and Perth and Kinross Council. Comments were also received from Greenock Chamber of Commerce, Caithness Partnership and

Highlands and Islands Enterprise. Responses received included comments on the economic impact of the proposed closures in areas that have suffered from many job losses in recent years. All concerns raised have been taken into account in making our recommendations to Ministers.

5.3. Equality Impact Assessment

Workforce Change has undertaken EQIA activity on the proposal for Rothesay. No significant risks with regard to equality issues have been identified and wider public consultation has not been considered necessary at this stage. Examination of individual circumstances will be undertaken through one to one discussions between managers and staff. Mitigating action will be considered where impacts have been identified with regard to equality issues. The EQIA findings for 9–10 King Street can be found at Appendix A.

5.4. Staff Consultation

HMRC undertook an eight week period of consultation between June 2008 and August 2008, inviting staff and unions to comment on the proposal to reshape HMRC within Rothesay. During this period 118 responses were received, representing the views of 266 (27%) staff, out of a total of 1,001 staff⁵ in Dumfries, Dundee, Perth and Rothesay. Responses were also received from the two trade unions, ARC and PCS.

The Summary Report of the Consultation Responses for Scotland Individuals – Dundee, Perth and Rothesay was published on the staff intranet site on 15 October 2008.

Comments were constructive and covered a range of topics, the main themes being travel, socio-economic impacts and diversity issues.

The majority of comments focused on extended travel times and being outside of reasonable daily travel to alternative HMRC locations. Staff also raised concerns about public transport and the potential increased costs. Many respondents raised concerns over the socio-economic impact the proposals may have on the local economy. Some respondents expressed concerns about the impact on work/life balance if they had to make longer journeys to work, particularly for those staff with caring responsibilities.

Business managers will meet with every individual affected by changes and discuss the implications for them and their options.

6 RELOCATION OPTIONS FOR STAFF

Customer Operations, ESS and Local Compliance do not intend to retain a long term presence in this location and will be in discussion with staff about their options.

The nearest long term HMRC locations are likely to be outside reasonable daily travel for all or most staff.

Support is available for staff through the [Redeployment Support Programme](#).

6.1. Other Government Departments

Opportunities may exist to transfer to other Government Departments and HMRC has a support package of measures, both financial and personal, to facilitate such

⁵ Source: HR data at 01/04/08

transfers. Other Government Departments located in the area include The Scottish Government⁶.

7 ESTATES & FINANCE

7.1. Estate Information

HMRC occupies 9–10 King Street under the contract with Mapeley. 9–10 King Street has on-site car parking available for 13 vehicles with no predetermined number of designated disabled bays.

7.2. Finance

The vacation of this office will contribute to estimated estate savings of £24m in Scotland between 2007 and 2012.

7.3. Information Management Services (IMS)

IMS has been engaged in the detailed consideration of the proposal for 9-10 King Street. IMS will work closely with Estates & Support Services and business unit managers to provide the IT and telephony requirements for any staff required to move.

APPENDIX A: EQUALITY IMPACT ASSESSMENT – 9–10 KING STREET, ROTHESAY

Equality Impact Assessment (EQIA) work is undertaken to determine which policies or activities, for staff and customers, should be subject to a wider EQIA public consultation. This work is ongoing and is updated whenever there is a major change to proposals or plans. Once a decision has been made to withdraw from a specific office an EQIA document is prepared with reference to that office. This EQIA focuses on the withdrawal from 9–10 King Street, Rothesay which is an individual location with one office building.

Background to proposal

1. Proposal	<p>On 11 June 2008 Workforce Change (WFC) commenced an eight week period of staff consultation on a proposal to reshape HMRC in Scotland. Part of the proposal was to withdraw from 9-10 King Street.</p> <p>The map at Appendix B shows the position of 9-10 King Street.</p>
2. Date implemented or planned to come into effect	HMRC does not expect to fully vacate 9–10 King Street before spring 2010.
3. Programme Owner	WFC acting with a devolved authority from Directors and adopting a pooled sovereignty approach, led by a Programme Board. This group will include representatives from key stakeholders and business units.
4. Programme Manager	The Regional Review Programme Manager within WFC.
5. Who in the Department manages the day to day function?	Implementation Teams will have primary responsibility for the delivery of changes to the Scotland estate and for management of local redeployment and relocation issues. Implementation Teams are usually led by a senior manager from the majority business unit and include representatives from Estates & Support Services (ESS), People Function and the

	other business units affected.
6. Why is this proposal being considered? Provide a description of aims of proposal (purpose, who benefits and how, etc)	<p>HMRC is required to make estate savings under the Comprehensive Spending Reviews 2004 and 2007. The Scotland Proposal was one of a series of consultations on the reshaping of HMRC. The overall aim is to deliver a more efficient and effective service to businesses and individuals.</p> <p>The decisions for Rothesay will deliver more effective utilisation of available HMRC office space contributing to departmental efficiency savings.</p>
7. a. Give full details of all the internal and external stakeholders of this proposed action	<p>Internal – staff, managers, business unit planners, trade unions, WFC, People Function, IMS, CaM, ESS.</p> <p>External – Financial Secretary to the Treasury, local MPs, customers, Mapeley, ASPIRE, local authorities, selected trade bodies.</p>
7. b. How will you work with stakeholders in implementing this function?	<p>Internal – HMRC consults formally with internal stakeholders during the feasibility stage.</p> <p>External – HMRC engages with the Financial Secretary to the Treasury and MPs during the feasibility stage and also with local authorities and selected trade bodies, where appropriate.</p>
8. Does this proposal interact with any others? If so, how? Please comment on connected proposals and describe the relationship	<p>The proposal is part of the Regional Review Programme (RRP), which is designed to deliver HMRC’s restructuring ambitions as quickly and cost-effectively as possible. The RRP supports business unit strategic planning and the Estates Consolidation Programme, working towards meeting HMRC efficiency targets for people (headcount) and estate.</p>
9. How will the RRP impact directly those staff who cannot travel to a more distant location?	<p>Businesses will consider the scope to feedback work to staff affected by this proposal, while portable work is available and the office remains viable. The Department is committed to measures which will particularly assist staff who are not within reasonable daily travel of any other location.</p>

	<p>HMRC has introduced an intranet-based Options assessment questionnaire which allows staff to indicate which redeployment opportunities they might consider if available. This information provides business planners and Implementation Teams with a starting point to help identify solutions for staff who may not be able to move. The Options Assessment includes a list of measures which may be available to staff, such as:</p> <ul style="list-style-type: none">▪ Transfers into other HMRC business units▪ Paid moves of home for pre-surplus staff to fill specialised posts that cannot be filled locally▪ Transfers into other Government departments, including a compensation scheme for staff transferring to other Departments with lower pay▪ A 'public sector release scheme' offering grants to staff leaving to train for frontline public sector jobs such as teaching or nursing▪ Flexible early Severance▪ Approved early Retirement schemes. <p>The HR Job Centre Team works with Businesses to redeploy pre-surplus staff using the PMMA (Pre-Surplus Managed Moves) process. Support is also available for staff through the Redeployment Support Programme.</p>

Potential Equality Impacts

This section considers equality impacts and actions to be taken to reduce/mitigate any adverse impacts on staff. In the announcement on 11 June 2008 staff were encouraged to consider what impact the planned changes might have on their own future work and travel patterns and speak with managers if they anticipated any difficulties. Any individual concerns will be considered further in one to one discussions between managers and staff. Managers will work with staff to consider personal circumstances and any necessary mitigating action.

Consideration given to:	Staff	Mitigating Action
1. Racial groups	<p>86% of the staff in 9–10 King Street have provided details of their ethnic origin. No staff have declared that they belong to an ethnic minority group. The HMRC total for the Scotland is 1%. The HMRC national total is 4%⁷.</p> <p>No issues specific to racial groups have been raised in the staff consultation process.</p> <p>At this stage no potential adverse impacts have been identified that would disproportionately affect staff due to their racial group.</p>	None required at this stage.
2. Those with a disability	<p>43% of staff in 9–10 King Street have provided data on disability. No staff have declared a disability. The HMRC total for the Scotland is 6%. The HMRC national total is 7%.</p> <p>No issues specific to disability have been raised in the staff consultation process.</p> <p>The potential impact on those with a disability is dependent on personal circumstances. Known impacts to this group arising from previous relocations</p>	Staff and managers will engage in one to one discussions regarding the specific needs of each staff member and will make reasonable adjustments where required.

⁷ All diversity data quoted in this EQIA is provided by background HR systems as at 01/07/08 and staff completion is not mandatory. The information is therefore incomplete for ethnicity and disability.
