

Specials and Exclusions - SA800 2010/11

Special Cases

1. Most developers will have taken the following items into account in their software. If a customer does find though that they cannot file online for one of these reasons, a claim for reasonable excuse should accompany the paper return.
2. Any paper return submitted must conform to the normal rules for paper returns even if it is a computer generated paper return e.g. it must hold a valid signature.
3. Where an HMRC recommended workaround causes an online return to be submitted with an entry that is not strictly correct, HMRC will not take action on that particular entry for that reason alone provided that the inaccuracy is in accordance with the workaround and purely to facilitate online filing.

Please note the changes are listed on page 7 of the document

Unique ID	Box number	Issue	Workaround	Status
1	Documents etc required to be submitted with return	Where the return Guidance asks for documents to be sent with the return, you should submit the document as an attachment. The total file size of these attachments must not exceed 5mb before encoding. Where you do not provide an attachment facility in your product, or it would not be appropriate to send the information via the electronic attachment feature the return should be submitted electronically and any paper document sent to the relevant HMRC office no later than 1 month after the return is filed electronically	For information	-
2	More than one Trade	Only one Main Partnership tax return can be submitted. This should be for the trade with the largest turnover. Paper schedules, including the corresponding Partnership and Paper Statements for the other trade(s) should be submitted as an attachment.	For information	-

3	More than one accounting period	The Main Partnership tax return should be completed with details for the latest accounting period. However, only one set of Partnership Trading Pages should be completed. Details of additional accounting periods should be submitted as an attachment. Note that in the case of a construction industry trade with more than one accounting period, all subcontractor tax deducted should be shown at box 3.97 on the main return	For information	-
4	Limit restrictions on iterative boxes	If you attempt to submit more boxes (i.e. iterative) than is allowed by the schema (technical documentation) your return will fail when filed online, unless you follow the workaround.	<p>If, exceptionally, you have more items to include in a section than the schema (technical documentation) allows, amalgamate items as follows (but it is permissible for you to amalgamate as seems sensible):</p> <ul style="list-style-type: none"> • Complete all but the final entry line as normal. • Amalgamate any remaining items together & enter the total in the final entry line. • Note that in all cases if there is a total box it must show the total of all the entry lines including the amalgamated line(s). • Include an attachment with the return (or use additional space) to make a full return of those items amalgamated for convenience. 	-
5	Trading And Professional Income	Tax deducted from trading income (other than CIS25 deductions) (Box 3.98)	Box 3.98 should be left blank and any entry which would fall to be made in this box should be included with CIS25 deductions in box 3.97 and details entered in the additional information space.	-

6	Various	Please follow the workaround. Total boxes should be present.	Where a business rule adds a number of elements together and the total is an optional element you should include the total element in your XML unless the total is a zero and the data type is a nonzero type or you have been requested to specifically exclude in other circumstances within this document , in which case the element must be absent.	-
7	Boxes 7.7A, 7.8A and 7.9A	Please follow the workaround.	The Return Guidance says that entries may be made in these boxes, rather than completing the Partnership Savings, Investments and Other Income pages (Schedule 7) in certain circumstances. However these boxes cannot be transmitted by Internet. You should therefore submit a Schedule 7 if there are entries to be made here and you wish to file electronically. The details should be entered in boxes 7.7, 7.8 and 7.9 (and carried forward to boxes 7.19 and 7.20 as appropriate)	-
8	SA801 802 803 or 804 pages	Please follow the workaround.	Tick Question 3 (indicating that that the partnership business did include a trade or profession) Enter 'No Trade' in box 3.2, 06/04/10 in box 3.4, 05/04/11 in box 3.5 and zeros in the Standard Accounts Information on page 4 or for a CT Partnership the accounting period dates.	-

Exclusions

1. Where a partnership return cannot be filed online for a reason listed below, provided that a paper return is delivered on or before 31st January following the end of the tax year to which the return relates, HMRC will accept that the taxpayer had a reasonable excuse for failing to file a paper return by the normal 31st October deadline. A reasonable excuse claim should accompany the paper return.

2. Any paper return submitted must conform to the normal rules for paper returns even if it is a computer generated paper return e.g. it must hold a valid signature.

3. Where an HMRC recommended workaround causes an online return to be submitted with an entry that is not strictly correct, HMRC will not take action on that particular entry for that reason alone provided that the inaccuracy is in accordance with the workaround and purely to facilitate online filing.
