## 2. About this document

**Section 3** outlines the rules that govern the contents of the GovTalkHeader.

**Section 4** outlines the rules that govern the contents of the envelope schema. Business validation rules are defined in a separate set of rules for each message. This also contains both the validation and business rules, which will form part of the validation checks that will need to be undertaken by both the HMRC 'e' portal or that developed by third party software suppliers.

**Section 5** covers the body response messages. On submission the message is tested against the XML schema by the Parser. XML that successfully passes through the Parser will then be tested against the GovRules, which test the cross-field validation.

This section identifies every element in the business validation rules. In all cases a Parser error will be generated if the submission fails at Parser level. If there is no specific cross-field validation for an element it is simply noted 'Parser error'. Where there is a cross-field validation the error and error message only is detailed.

A bold black line separates each data item table and the error messages contained below this line are state validation.

HMRC will use the following default values within the error structure when Parser errors are located.

Element	Description and Value
RaisedBy	HMRC-ERIC
Number	5012 – all errors caused by schema validation 6010 – all errors from badly-formed XML
Type	business
Text	Default text from Parser
Location	Line and position number from the Parser

**Section 6** outlines the Success Response Messages.

### 3. ChRIS Response Messages

This section outlines the rules that govern the contents of the GovTalkHeader.

1. Correlation ID	
Error Number	
Error	A duplicate correlation ID has been submitted in TPVS.
Error Message	You have submitted a duplicate Correlation ID. Please either enter a new unique number or delete the element from your submission. In a live submission this field must be empty.
Error Number	
Error	Null correlation ID.
Error Message	[ChRIS 1] System error <error number> please contact the helpdesk.
2. Message class	
Error Number	
Error	The class sent does not match the URL.
Error Response Message	You have sent message class <Class> when the URL requires <Class>. Either make your submission to the correct URL or amend the class'.

#### 4. IRENvelope Response Messages

This section outlines the rules that govern the contents of the envelope schema.

Each submission must contain at least one only 1 occurrence of Pension Scheme Tax Reference, but may contain multiple occurrences of Scheme Administrators ID.

##### IRheader

1. Test Message	
Error	Parser level

  

2. Key	
Error	Parser level

  

3. Period end	
Error	Parser level

  

4. Principal	
Error	Parser level

  

5. Agent	
Error	Parser level

  

6. Default currency	
Error	Parser level

## Manifest

7. Namespace	
Error Number	1031
Error	The entry in the Namespace does not agree with the entry in the GovTalkHeader.
Error Message	[The namespace in the IRheader must match the GovTalkHeader] System error please contact the help desk.

8. Schema version	
Error	Parser level

9. Top element name	
Error	Parser level

10. IRmark	
Error	Parser level

11. Sender	
Error	Parser level

**PS Envelope**

<b>12. Pension Scheme Tax Reference</b>	
Error Number	613001
Error	Associate Scheme Administrator is submitted and the Pension Scheme Tax Reference in the PShheader does not match the Pension Scheme Tax Reference in the body.
Error Message	[BVR Envelope 12] The Pension Scheme Tax Reference in the PShheader does not match the Pension Scheme Tax Reference in the body.

<b>13. PS Body</b>	
Error	Parser level

## 5. Body Response Messages

Each submission must contain only 1 occurrence of Pension Scheme Tax Reference, but may contain multiple occurrences of Scheme Administrator ID.

1. Pension Scheme Tax Reference	
Error	Parser level
Error Number	713002
Error	Pension Scheme Tax Reference provided does not exist on the database.
Error Message	It has not been possible to trace the scheme. If you have registered the pension scheme in the last 24 hours you may need to return later when the information has been fully processed.

2. Scheme Administrator ID	
Error	Parser level
Error Number	713001
Error	Notify the actor of an unsuccessful submission.
Error Message	Your submission to associate a Scheme Administrator to a scheme has not been successful for the following reason(s):
Error Number	713003
Error	Scheme Administrator ID is not known.
Error Message	The submitting administrator ID is not known.
Error Number	713004
Error	Scheme Administrator ID does not exist on the database.
Error Message	The submitting administrator ID is not authorised for the scheme %1.
Error Number	713005
Error	Scheme Administrator ID to be associated is not known.
Error Message	The administrator ID to be associated is not known.
Error Number	713006
Error	Practitioner is not authorised to associate administrators to the scheme.
Error Message	The submitting party is a practitioner and is therefore not authorised to associate administrators to the scheme.

## 6. Success Response Messages

### 1. Successful Submission Response

Message Number	07130
Response	Notifying the actor of a successful submission.
Response Message	The Scheme Administrator has been successfully associated to the scheme.
