

**PAYE - Software Developers Bulletin Issue 6**

**Date 18 February 2005**

This bulletin has been issued to provide further guidance to Software Developers.

## **Replacement TPVS PAYE Service**

We apologise that the replacement TPVS PAYE service, due on 23rd February, will be delayed. We are carrying out extensive testing to assure the service meets the necessary standards of performance and consistency with the version of TPVS provided in October 2004. We expect the service to be made available on 9th March 2005.

If you have any comments on this bulletin please contact the SDS team on the contact details below.
