### Working sheet

Earnings for student loan purposes	<b>Box 1</b> <input type="text"/>	
SL deductions per Student Loan deduction tables		<b>Box 2</b> <input type="text"/>
Attachable earnings for priority AEO / DEO	<b>Box 3</b> <input type="text"/>	
Amount of priority AEO / DEO to be deducted	<b>Box 4</b> <input type="text"/>	
Net attachable earnings after AEO / DEO ( <b>Box 3 – Box 4</b> )		<b>Box 5</b> <input type="text"/>
Level of protected earnings per most recent AEO / DEO		<b>Box 6</b> <input type="text"/>
Maximum amount of Student Loan deductions in pay period		<b>Box 7</b> <input type="text"/>
Net attachable earnings less level of protected earnings ( <b>Box 5 – Box 6</b> )		<input type="text"/>
Amount of SL deductions to be made = <b>lower</b> of calculated SL deductions ( <b>Box 2</b> ) and the maximum amount of SL deductions ( <b>Box 7</b> )		<b>Box 8</b> <input type="text"/>

**Note:** Do not carry forward any balance of deductions not made because the maximum deductions, (Box 6) is less than the 'normal' amount of SL deductions calculated per the Student Loan Deduction tables, (Box 2).
