3. Capital reorganisations and/or reconstructions

Please read the notes below before completing this section.

Complete this section where, as a result of a reorganisation and/or reconstruction, shares, Qualifying Corporate Bonds or other securities are now held by the trustees in substitution for the shares that were originally awarded. Enter details of all reorganisations and reconstructions including particulars of:

- Bonus issues
- Rights issues
- Alterations of rights attaching to a share class
- Conversion of securities including exchanges
- Company amalgamations and takeovers
- Reduction or reorganisation of share capital.

Where there has been a company reconstruction it is necessary to apportion the market value at the date of award of the old 'corresponding shares' among the 'new shares'. The steps are to

- find the aggregate market value at the date of award before the reconstruction of the old 'corresponding shares'

and

- distribute that market value at date of award among all the 'new shares' (including any of the old shares that survive into the new holding), pro rata according to their value immediately after the reconstruction.

Any subsequent income tax charged in respect of the shares in the new holding will be by reference to their adjusted market value using the same date of award.

Declaration

False declarations can result in prosecution

The information I have given on this form and in the additional information boxes is correct and complete to the best of my knowledge and belief.

Throughout the year (or that part of it in which plan shares were awarded or held in the plan) the plan shares satisfied the requirements of paragraph 25 Schedule 2 ITEPA 2003. References to plan shares are to the shares that have been awarded or acquired by participants in accordance with the plan.

No alterations have been made to any key features of the plan which have not been approved by the Inland Revenue. A feature of the plan is a 'key feature' if it relates to a provision that is necessary in order to meet the requirements of Schedule 2 ITEPA 2003.

The Taxes Acts require that the declaration should be completed by the Secretary or acting Secretary of the company. If liquidators have been appointed, they should complete the declaration. *Sections 108(1) and (3) TMA 1970.*
