1. Companies have up to three years after shares are issued to submit a CVS1 compliance statement. Therefore, with the likelihood of sizeable revisions due to claims not yet received: data for 2009-10 are provisional and claims received for 2010-11 and 2011-12 are currently excluded. A review of data capture procedures has led to small revisions to published statistics in most years.

2. The numbers of companies across all years are less than the sum of the yearly totals because companies can raise/invest funds in multiple years. The amount is rounded to the nearest million.

p. Provisional.

Note:

On the 31st of March 2010, the CVS's ten year period expired and it has not been renewed.

Therefore no investments were made after 31 March 2010
