Notes on the Table

Total income, by borough and local authority district 2001-02

1. Estimates for sub-UK geographical areas (eg by country, Government Office Region, county etc) should be treated with particular caution ([see paragraphs 13-17 of notes on Personal Incomes](#))

2. All of the unitary authorities that were created on or before 1 April 1996 as part of the Local Government reorganisation programme have been included in this table. There are some unitary authorities in Scotland and Northern Ireland that do not have a sufficient number of cases in the sample to give estimates and these areas have been included in the "Other UAs".

3. The Notes to the table' T3.13 at paragraph 4 on standard errors also apply to this table.
